DANII Foundation was founded in 2012 by parents Donna and Brian Meads-Barlow as a legacy to their 17 year old daughter Daniella following her sudden passing as a result of a night time hypoglycaemic episode - a diabetes complication more widely known as “Dead in Bed” syndrome.

The mission of the DANII Foundation is :

- **To support people with type 1 diabetes, lobby government and industry to ensure latest technologies are available and affordable, alerting the type ONE and their carers to life threatening hypo and hyperglycaemia**
- **To Educate & Advocate for a type ONE diabetes VOICE**

DANII is supported by the efforts of Australian volunteers and parents of children with type ONE diabetes seeking a safer Quality of Life and a better future for the children of today and adults of tomorrow living with type ONE diabetes. Today, DANII friends are driven by the passion and dedication of our many volunteers who help us towards our mission for people living with type 1 diabetes in creating a Voice, and one day hope for a cure.

We are proud to recognise the efforts of some of our volunteers, and invite nominations for the DANII Foundation [2016 Volunteer Recognition Awards](#). **Submit your Nomination [HERE](#)**

Nominations OPEN - Volunteer Recognition Awards Volunteer Your Time

DANII originated as a volunteer led organisation, and the passion and dedication of those who provide time, resources, and experience is the key to our growth and the attainment of our vision of a safer world for those that live with type 1 and eventually one day a world without type 1 diabetes. Volunteers have always been embedded in our business and hold diverse roles within the DANII Foundation from involvement in advocacy, to lay and Medical Review Panels, Medical support for Education, Corporate, Events support and Volunteer Committees, including regular office support, and much more. Volunteers are our heritage, they are the heart of DANII and are the key to our future success.
