

It's time for DANII's Army to Storm Canberra!

Politicians react to personal stories and every one of you has one that needs to be shared.

Together we are **MIGHTY**

Over 21? Every child will be 21 one-day!
Want access to government funded CGM?
Come to Canberra and be part of DANII's Army on
Wednesday October 24

Share **YOUR** story with your local MP in Canberra and be part of the push to secure life-saving and **LIFE CHANGING** technology.

People say Politicians are out of touch, meeting them as a group, with the backing of the DANII Foundation is the perfect organisation to put pressure on them and demonstrate just how important it is to have access to the best technology available.
